

Year 3 to Year 8

**SKILLS & ENRICHMENT
DATES 2018-2019**

ENGLISH SKILLS IMPROVEMENT COURSES

The families who enrol students in these improvement courses have three aims:

- To raise the skills of their child
- To give the child some extension experience.
- To cover what has not been thoroughly learned and practised at school before attempting the scholarship preparation workshops.

OUR COURSES

Snapshots for Years 3 & 4 - 6 Sessions improving creative writing

Snapshots for Years 5 & 6 - 6 Sessions improving creative writing

Writing Beyond Primary School (Years 7 & 8) - 4 sessions creative, 1 on informative and 1 on persuasive

You Pull the Strings (Years 7 & 8) - 6 sessions improving creative writing (*WBPS is a prerequisite for YPTS*)

Each session covers some:

- Writing skills.
- Reading comprehension.
- Vocabulary enrichment and word usage.
- Grammar, punctuation and parts of speech.
- An overall theme for each session which will enhance general knowledge.
- A total of eleven essays will be individually corrected over the sessions.
- A written report after the last session will focus on what progress has been made.

How These English Skills Improvement Courses Are Different From Our Scholarship Writing Courses.

- In the English Skills Improvement Courses, we are aiming to improve the general writing and reading skills of the students so that they may use these skills in their everyday school work.
- In the Scholarship Writing Courses, we are teaching the skills needed to become proficient in interpreting an unseen topic and writing a piece which suits the predetermined criteria of the examining body.

MATERIALS: We do not supply or sell our materials under any circumstances. Students who are absent from a session will not receive the material.

COST \$775

Location: 393 Tooronga Road, Hawthorn East

Reading and writing should be done in a context to have meaning, so we have created themes for each of the courses. This allows students attending more than one course to ensure the same standard is met without repetition of the material presented.

Courses may be taken individually, but a sequence of courses will provide ongoing tuition for those who wish to pursue English development, over a period of time.

We have had many students enrol in more than one of the courses at the same year level and have made great progress this way.

Please note these courses are not suitable for children with learning difficulties.

MATHS SKILLS IMPROVEMENT COURSES

The mystery of the “written problem” is examined and techniques are taught and practised. Students must have maths skills at a level appropriate for their year level to gain from these workshops.

If you are not sure of your child’s standard of Mathematics, please consider taking one of our individual assessments. Details and dates are listed in the Information Booklet, on our website or you may call our office on 9813 0277 for more information.

All skills in each course are introduced in small incremental steps. This step by step approach is enhanced by clear explanations from the teacher. In this way many operations or concepts that have seemed mysterious in the past become clearer to the student.
