## Workshop content

Maths, Reading, and Reasoning Workshops deliver the **same content**, just **in a shorter time** frame.

Writing Workshops are delivered in one condensed day (two sessions, instead of 3). Instruction focuses only on the key exam forms: Essays for Persuasive Writing and Narratives for Creative Writing. There is no in-class writing task; instead, students complete one extended piece after the workshop, which can be submitted for detailed feedback.

## Is the intensive right for your child?

The intensive format moves quickly and covers a significant amount of material. Families are encouraged to consider their child's learning style, pace, and readiness for a fast-paced program.
